PRESENTATION

2020-21 Budget
Assistant Superintendent, Mark Rajter, reviewed the estimated budget for FY 2020 & 2021 including school aid fund (SAF), revenue, expenditures and year-end balance estimates with the Board and others. He explained the meaning of fund balance and deficit and how these will affect our 2020-21 budget. If limited funding is available from either Federal of State, we will bare a substantial dollar impact of the COVID closure impact to revenues.

The next steps to the budget process include: (1) budget managers reviewing their areas for possible reductions to align to the “new” blended model of learning to start the 2020-21 school
year and (2) to identify operational expenditure reductions due to the possible blended model learning plan. The Board will vote on the 2020-21 Budget at the June 24 Board Meeting.
