**DISCUSSION ITEM**

**Re-Thinking Secondary Education** – Ron Reed explained that the Secondary Magnet, West Complex, Alternative Education, High School Transition, and 9th Grade Transition Task Forces have been meeting for several months to create a recommendation that will give students not only a good learning environment, but other opportunities they currently do not have.

Mr. Wandrie began by reviewing the 2011 survey results showing 64% respondents stating the District should consolidate high schools in some fashion or another and 3% stating the District should not close a high school under any circumstance. He reviewed the 4 year Strategic Plan Proposal that was presented in February 2012 and reviewed the changes in that plan due to recommendations from the Task Forces. The district’s goal is to create a world-class academic, athletic, and arts program at the secondary level with increased academic rigor for all students. He reviewed a plan for a flexible day for students so learning can be focused on aptitude and not age. The flexible day will allow students who struggle by giving them equal access to the curriculum by taking 6 full classes. Students that are 2 grade levels below in reading will be provided 6 classes, but will also be expected to attend one of the support times from 7:30 AM to 9:00 AM or from 2:15 PM to 3:45 PM. This support could be provided at East, West or a middle school. Transportation would be provided to and from the student’s homes for the flex classes and also between the schools.

The following staff members spoke regarding their support for the program and how they feel it will help students in multiple ways: Chad Kenny, Mayfield Elementary teacher and coach; Dan Hundt, Lapeer West Band Director; Jennifer Taylor, Rolland-Warner Middle School Principal; and Kevin Wenzel, 6th grade teacher at Zemmer Middle School and coach.

President Mike Keller thanked the parents, staff and community members who have volunteered their time to serve on the various Task Forces. He thanked Chad Kenny, Dan Hundt, Jennifer Taylor, and Kevin Wenzel for sharing their thoughts and experiences with the Board.

Mr. Keller stated that over the past few years the Board has been presented with recommendations for major cuts in order to balance the budget and he wants that to stop. He stated “We have to create our own economy and change how we work” and “we have to continue to change because the world around us is changing”. He thanked Matt Wandrie, staff, parents, and community members for the work they had put into this.

Mr. Wandrie reminded everyone that Lapeer Community Schools will host a community forum on Wednesday, March 13, 2013, at Lapeer Est High School to review the information presented to Board. It will begin at 6 PM in the auditorium and is open to the public.
