

TO: To the Parent/Guardian of:
[REDACTED]
Turrill, 2nd grade

FROM: Office of the Superintendent
Mary Moss, Administrative Assistant to Superintendent

DATE: September 23, 2020

SUBJECT: **Notice to Remain Off District Property While Under Quarantine**

CC: Scott Warren, Turrill Principal
Annette Stoutenburg, Head Secretary

On September 23, 2020 we received information from Turrill Elementary that you reported that your child had been in contact with an individual on September 22, 2020 who tested positive for Covid-19.

Therefore, your child is currently required to self-quarantine. In accordance to district policy and Lapeer Health Department, your child is not allowed to enter any district property nor participate in any athletic activities until:

- 14 days have passed since the last date of close contact with the individual who tested positive.
Or
- The symptomatic individual receives a negative COVID-19 test.

If during the quarantine period, your child begins to experience primary symptoms of Covid-19, you need to contact me at mmoss@lapeerschools.org or 810-538-1604 as the quarantine period will be extended.

During your quarantine period, assignments and instructional content will continue to be posted in Google Classroom. You should continue your schoolwork in this remote setting until the end of your quarantine period. Contact your individual teachers if you require assistance.

Prior to returning to school, please contact me to confirm you have met the above requirements.

Upon returning to school, you are reminded that you must continue to conduct daily self-screening prior to entering any LCS facility and you are prohibited from entering any school district facility if you display principal symptoms of COVID-19.
